

GOVERNOR RECOMMENDS CUTS OF 29 POSITIONS, \$340,700 FROM PLATTSBURGH BUDGET

Governor Carey's proposed State Budget for 1977-78, unveiled in Albany January 18, would cut 29 positions and \$340,700 from the operating budget of the College at Plattsburgh. College President Joseph C. Burke has explained the budget cuts to the College Council, the faculty, student and alumni leaders and local public news media during a series of meetings conducted over the past week. At Monday's meeting with College faculty he estimated it would be a month before the College formulates a firm plan for operating within the reduced budget.

Dr. Burke is particularly dismayed by the fact that the budget specifies where positions cuts must be made. That practice, he explains, denies the College administrative flexibility. **Proposed by the Governor are cuts of eight faculty and three staff positions in instruction and departmental research; five academic support positions (including three positions at the campus school); one student affairs position; ten institutional support positions; and two positions from residence hall staff and support.**

The budget problem is compounded by the failure of State budget officials to include funds which had been requested to offset \$225,000 in anticipated fixed cost increases for utilities and other necessary expenditures. "Those fixed cost increases must be paid," said Dr. Burke, "and they have the effect of reducing our budget still further. In terms of spendable dollars, with inflationary increases added to the actual dollar cut, our budget for 1977-78 will be one-half million dollars less than it is for the current fiscal year."

PROPOSED CHANGES IN TAP WOULD AFFECT LOWEST INCOME SUNY STUDENTS

Changes in the State's Tuition Assistance Program, proposed in Governor Carey's budget for 1977-78, will have the effect of increasing tuition for SUNY students from families whose net taxable income is under \$2,000 per year. Lower division (freshman and sophomore) students from families with incomes under \$2,000 per year formerly received full tuition (\$750). TAP revisions proposed by the Governor would reduce that award by \$100 because SUNY tuition is below the maximum (\$1,500 per year) TAP entitlement. President Burke explains that the revision, which may apply to as many as 500 Plattsburgh students, does not affect low income students at private schools (where tuitions are well above the maximum TAP award), and describes the plan as a "covert tuition increase for the poor." The Governor's plan also changes the means of figuring net taxable income, and would include Social Security benefits, G.I. Bill payments and some federal grants which are presently excluded from income tabulations.

EIGHT FACULTY WIN UNIVERSITY RESEARCH AWARDS

Eight members of the Plattsburgh faculty will share more than \$21,000 in research fellowships and grants-in-aid awarded by the State University Research Foundation in its annual University Awards program. Plattsburgh State's eight University Awards winners for 1976-77 include five chemists, two physicists and an anthropologist. Dr. Gordon C. Pollard, associate professor of anthropology, received a research fellowship to support his scholarly and creative activity during the summer of 1977, or any other consecutive two-month period prior to March 31, 1978. The other seven awards won by Plattsburgh faculty members are combination fellowships and grants-in-aid, which help defray special research costs in addition to supporting scholarly activity. The combination award winners are: Dr. Roger L. Heintz, assistant professor of chemistry; Dr. William E. Krueger, associate professor of chemistry; Dr. Kenneth W. Loach, assistant professor of chemistry; Dr. Nicholas J. Mammano, associate professor of chemistry; Dr. Arnold L. Rheingold, associate professor of chemistry; Dr. Sitaram Shastry, associate professor of physics; and Dr. Paul P. Szydluk, professor of physics.

PLATTSBURGH BUSINESSMAN GLENN GILTZ ELECTED FOUNDATION PRESIDENT

E. Glenn Giltz, president of Northern Insuring Agency, Inc., and prominent North Country civic leader, was elected president of the Plattsburgh College Foundation during the annual Foundation membership meeting Monday evening.

"I am extremely pleased that the members of the Foundation have elected Glenn Giltz as their new president," said College President Joseph C. Burke. "The Foundation's dramatic growth since 1970 can be attributed in great part to Mr. Giltz's inspired leadership of the development committee. He has shown repeatedly that he is the type of person who can marshal real support for genuine causes, and the more than 1,300 students who have attended Plattsburgh State on Foundation scholarships during the past six years will verify that this is truly such a cause."

New members of the Foundation's Board of Directors, appointed at Monday's meeting, are Daniel L. Jerry, Louis E. Wolfe and George Elsasser. Jerry, president of Vincent S. Jerry and Sons, Inc., in Plattsburgh, was also elected Vice President for Development in the Foundation's three newly defined vice presidencies. Wolfe, a Plattsburgh attorney and member of the Plattsburgh College Council, will serve as the Council's designee on the Foundation Board. Elsasser was elected president of the Plattsburgh student body in December, and will represent the Plattsburgh Student Association on the Foundation Board.

New responsibilities in the reorganized Foundation administrative structure will be assumed by James Keable, who becomes Vice President for Deferred Giving, and Gilbert Duken, who becomes Vice President for Special Gift Clubs. Established in 1963, the Foundation is a non-profit organization of community persons, students, faculty and alumni who raise funds in support of an extensive program of student scholarships.

RECENT GIFTS BOLSTER LIBRARY HOLDINGS

Feinberg Library has been the beneficiary of two recent gifts from radio station WKDR and the Power Foundation of Ann Arbor, Michigan. WKDR, in conjunction with the Macmillan Publishing Company, has presented the Library with a thirty-volume translation of the third edition of *The Great Soviet Encyclopedia*. The translation, which has been acclaimed for its accuracy and readability, comprises more than 100,000 articles, 21,000 pages and 21 million words. Through the generosity of the Power Foundation, the Library has received a facsimile of the manuscript of the English translation of Ovid's *Metamorphoses* which was done by William Caxton in 1480. The facsimile is one of only 1200 copies and will be on display in the Library this month.

PLATTSBURGH REPRESENTED AT FOUNDING CONVENTION OF WOMEN'S STUDIES ASSOCIATION

Dr. Patricia Higgins of the College's anthropology department was a delegate to the founding convention of the National Women's Studies Association, held in San Francisco January 13-16. More than 500 persons who participated in the convention were successful in adopting a constitution, electing an interim council to serve for the coming year, and establishing ten regional task forces to begin implementation of the Association's program. Of 60 convention delegates from New York State, Dr. Higgins was the only representative of the region north of Albany.

EMPIRE STATE GAMES PLANNERS ESTABLISH HEADQUARTERS ON CAMPUS

Plans for the Empire State Games, a statewide competition patterned after the Olympic Games and proposed for the summer of 1978, are being coordinated from an office on the Plattsburgh State campus. Louis E. Wolfe, chairman of the New York State Commission on Sports and Olympics (and a recently appointed member of the Plattsburgh College Council) is directing planning for the games with assistance from College personnel and an advisory committee representing various interests in New York State. Preliminary planning suggests that the Games be staged on the Plattsburgh campus using existing facilities. The Games committee is currently operating from an office on the second floor of the Kehoe Administration Building with one employee, a secretary, paid by Mr. Wolfe's commission.

ADDITIONAL FOREIGN LANGUAGE ADVANCED PLACEMENT EXAMS SCHEDULED TODAY

For the benefit of students desiring more time to add or drop courses, an additional session of foreign language placement examinations have been scheduled this afternoon beginning at 5:00 p.m. This session is in addition to the Saturday examination advertised in the Master Bulletin. The French examination is scheduled in CL-200, the German examination in CL-205, and the Spanish examination in CL-202. Questions should be directed to the department of foreign languages and literature (564-2009).

LAKE PLACID THEATRE TRIP

On Sunday, February 6, there will be a special trip to Lake Placid for the matinee performance of Moliere's comedy "Scapino," about the caperings of a servant who goes about securing the lady love of his master's dreams. The trip is open to all college members and their guests. The bus will leave Plattsburgh at 11:00 a.m., arriving in time for lunch and some sightseeing in Lake Placid prior to the 3:00 p.m. theatre performance. The bus will return after the performance, around 5:00 p.m. Total cost for the trip and theatre is \$3.50. Tickets are now on sale at the College Center Main Desk.

U.U.P. AND STATE REPORTED NEAR AGREEMENT

Sources close to the negotiations in Albany report that representatives of United University Professions (bargaining agent for SUNY professionals) and the State are nearing agreement on a contract for faculty and non-teaching professionals employed in the University. Our Albany source says there are indications — notably, frequent informal meetings — that “the two sides are coming together.”

Local chapter President Dick Brogowski was in contact with UUP officials in Albany Tuesday and was told there had been no formal meetings between UUP and the State for more than a week. Brogowski did not rule out the possibility of progress being made through informal sessions. He also told *Weekly* that he understands that two issues remain outstanding in the contract negotiations — retrenchment and salary.

The contract between the State and U.U.P. expired June 30, 1976, and SUNY professionals received their last regular pay increase July 1, 1975.

STUDENT SENATE HEARS PRESIDENT'S BUDGET ANALYSIS

Guest speaker at the Tuesday evening meeting of the Student Senate was College President Joseph C. Burke, who described in detail the implications of Governor Carey's proposed 1977-78 budget for State University, the College at Plattsburgh, and the Tuition Assistance Program. Dr. Burke's talk was illustrated with many of the same charts and graphs he has used in explaining the effects of the budget to the College Council, faculty, alumni and local news media. The Executive Budget recommends cuts of 29 positions and \$340,700 at Plattsburgh State.

FOUNDATION REPORTS \$80,000 IN GIFTS DURING 1976

Gift giving to the Plattsburgh College Foundation increased to a record level for the seventh consecutive year according to the Foundation's annual report for 1976. That same increasing support enabled the Foundation to fund a record number of scholarships and grants-in-aid for Plattsburgh undergraduates. A non-profit organization of College and community persons who conduct an on-going fund raising effort to support fifty scholarship programs, the Foundation had established a goal of raising \$76,000 during 1976. In its final tabulations for 1976, the Foundation exceeded that goal by nearly \$5,000, reporting a total of \$80,937, nearly \$9,500 more than the total contributed during 1975. Annual giving to the Foundation has increased nearly \$70,000 since 1970, the first year in which the organization concentrated its energies on raising scholarship funds. During the past seven years, the Foundation has raised \$340,508, and has increased its receipts each year. **Foundation scholarships and grants last year assisted 382 Plattsburgh undergraduates, 54 more than in 1975 or any other previous year.**

FACULTY SENATE ACCEPTS B&R COMMITTEE'S ROLE IN BUDGET TALKS

The Faculty Senate Tuesday accepted memoranda of understanding between the Senate Executive Committee and Budget and Resources Committee defining the role of the B&R Committee as the Senate's representative to consult with President Burke regarding the proposed budget for the College. In other business, the Senate: adopted a report from the ad hoc committee assigned to review the representational structure of the By-Laws recommending the “present system as being the most practical, manageable and reasonable means of By-Laws operation;” rejected a number of proposed amendments to the By-Laws; adopted changes in the College policy regarding leaves of absence for students; and received a report recommending changes to alleviate the problem of having insufficient textbooks for students.

JUDITH CRIST LECTURES HERE TONIGHT

Celebrated film critic and author Judith Crist will share her thoughts on “Film in America Today” during a free public lecture tonight (February 3) beginning at 8:00 p.m. in the Large Auditorium of Hawkins Hall. Perhaps best known in her role as film and drama commentator for the NBC television network's early morning Today Show, Ms. Crist is also film critic for *TV Guide* and *New York* magazines, and was film critic, successively, for the *New York Herald Tribune* and *New York World Journal Tribune* following her graduation from Columbia's School of Journalism.

CRISIS CENTER SEEKS VOLUNTEERS

Persons interested in volunteering their services at the Plattsburgh Community Crisis Center are invited to attend an orientation meeting scheduled Sunday (February 6) beginning at 7:00 p.m. at the Crisis Center, 32 Oak Street. Workshops planned in the Crisis Center training program include communication and listening skills, sexuality, aggression, and drug and alcohol abuse, and will be conducted by community professionals and Crisis Center staff and senior volunteers.

ARGYRES TO ADDRESS SUNY LECTURE SERIES

Dr. Ernestos Argyres (physics) will describe "Recent Developments in Particle Physics" during the next session of the SUNY Plattsburgh Lecture Series. Dr. Argyres will describe those developments, and some of their possible implications, in a speech which begins at 7:30 p.m. February 10 in Room 106 of Hudson Hall. Admission is free to all.

GAS SHORTAGE FORCES HOCKEY POSTPONEMENT

One result of the shortage of natural gas in New York State has been postponement of the scheduled February 8 varsity hockey game between Elmira College and Plattsburgh State. Elmira will close its campus February 4-20 as a result of the gas shortage, and the Elmira/Plattsburgh game has been rescheduled to February 22, at Plattsburgh, beginning at 7:00 p.m. at the College Field House.

Cardinal fans may take advantage of a basketball/hockey twin bill Saturday (February 5) with Norm Law's cagers facing Cortland in a SUNY Conference contest beginning at 3:00 in Memorial Hall, and Lou Frigon's Cardinal icemen taking on Division II foe Geneseo in a 7:00 p.m. game at the Field House. The Women's varsity basketball team faces Lyndon State Saturday at 2:00 at the Field House.

FEBRUARY ASTRONOMICAL ALMANAC OPENS PLANETARIUM SCHEDULE

Hudson Hall Planetarium begins its spring semester schedule of offerings Friday (February 4) with an astronomical almanac for the month of February. Scheduled to begin at 7:30 p.m., Friday evening's show will depict the principle constellations, planets and other objects of interest which may be observed over northern New York during February. Free tickets are available in the main office of Hudson Hall.

In addition to regular monthly almanacs, the other planetarium shows planned at Plattsburgh State during the spring semester are "Legacy of the Robots" (February 18 & 25), "Energy, Earth, Humans and Space" (March 11 & 18), "Black Holes and Friends" (April 15 & 22), and the science fiction presentation "Earthreat" (May 6 & 13).

STATE, UUP REACH TENTATIVE AGREEMENT ON PROFESSIONAL PACT

United University Professions and New York State have reached tentative agreement on a new three-year contract for the 15,000 teaching and non-teaching professional employees of State University. The contract is subject to ratification by the UUP membership, and complete details of the pact have not yet been released, but local UUP President Dick Brogowski did provide *Weekly* with some of the highlights. Included in the tentative agreement are terms for two increases in professional salaries and provision for reopening of salary negotiations two years from now. The first pay increase (effective July 1 for 12-month employees and September 1 for 10-month employees) will be a percentage increase based on a sliding scale from 11% for the lowest paid SUNY professionals to 3.6% for the highest paid. The second pay increase will be effective April 1, 1978 for all SUNY professionals and will provide a base salary increase of \$300 per year for employees at the two highest ranks, and \$250 per year for employees at the lower two ranks. The 1978 increase will also include a pool of discretionary money. Also included in the new contract is establishment of a remuneration pool for department chairmen, with monies to be awarded at the discretion of local campus presidents. The contract does not include retroactive salary increases.

Other contract highlights, said Brogowski, are establishment of a fourth professional rank for librarians; a change in the criteria for promotion of librarians; and clarification of seniority rights in contract subsections dealing with retrenchment.

VACANCY FREEZE CONTINUES, WITH SOME MODIFICATION

At present, there is no indication that the vacancy freeze imposed by the Division of the Budget nearly two years ago will soon end. However, the Division of the Budget has agreed to exempt from the freeze those positions made vacant by decisions not to renew a term appointment, or to terminate an employee for cause. This exemption does not apply to any kind of cessation of a temporary appointment, nor is it applicable to vacancies caused by resignations, retirements, illnesses, or deaths.

C.A.S. ANNOUNCES MODIFICATIONS TO OFFSET FALL LOSSES IN FOOD SERVICE

The directors of College Auxiliary Services have announced immediate and long-range changes intended to make delivery of College food services a break-even operation. The changes, which CAS President B.J. Seawell says "will affect neither the quality of food available to students nor the price of meal tickets for the current semester," include immediate reduction of labor and management costs and the closing of the College Center cafeteria on weekends, as well as a long-range plan to accept bids on the food service contract from companies throughout the United States.

Fall semester food service losses of \$120,000 were the result of labor and management expenses which rose higher than anticipated when the College offset tuition and room rent increases by decreasing board costs from \$750 to \$670 this year. "To put this loss in perspective," said Seawell, "it is important to note that providing food service at Plattsburgh State is a \$2-million per year business. The changes we are making now are simply intended to improve the efficiency and economy of the food service operation."

Last spring, on relatively short notice, CAS hired a management team from ARA Slater to provide interim management for a revised food service program. "When CAS lets its new contract this spring," said Seawell, "it will guarantee continuation of a quality food service, and it will also insure CAS against large financial losses on the food service operation."

WINTER WEEKEND ARRIVES, COMPLETE WITH SNOW

Barring the possibility of an untimely warming trend, it appeared at press time Wednesday that there will be plenty of snow available to be fashioned into sculptures on the Winter Weekend theme — "The World of Star Trek." Snow sculptures and window paintings will be judged Saturday morning beginning at 10:00. Other weekend activities include a talent show tonight, a Winter Weekend party tomorrow, and a semi-formal dance Saturday. See "This Week's Calendar" in this issue for complete details.

PLATTSBURGH DEBATES EDINBURGH TUESDAY

"Resolved: That this House Deplores the Olympic Games." That timely topic will be the subject for varsity debate Tuesday (February 15) between teams from the University of Edinburgh (Scotland) and Plattsburgh State.

The Scots will defend the anti-Olympic resolve, with Plattsburgh in opposition, during a debate which is scheduled to begin at 8:00 p.m. in the Cardinal Lounge of the Plattsburgh State College Center. Admission will be free of charge for all interested persons.

COMMITTEE TO SURVEY SPECIAL NEEDS OF DISABLED STUDENTS

The ad hoc committee on services for disabled students is seeking input about the conditions encountered by disabled students at Plattsburgh State. A questionnaire prepared by the committee asks if there is need for additional transportation, services and facilities, or physical education and recreation opportunities for disabled students, and also asks what classroom and laboratory conditions those students encounter. Disabled students are encouraged to respond to the questionnaire, and we solicit your help in bringing it to the attention of any of your disabled friends. Questionnaires are available at the College Center desk, and may be returned to the Office of the Vice President for Student Affairs or deposited at the College Center desk.

TUTOR-COUNSELLORS SOUGHT BY UPWARD BOUND

Upward Bound is soliciting applications from students interested in becoming tutor-counsellors to work with high school students in its 1977 summer program. Applicants should be proficient in at least one academic area, and should feel comfortable about living and working with high school students in a non-traditional educational setting. Applications are available in the Upward Bound Office in Hood Hall and must be returned by April 1.

VOLUNTEERS NEEDED FOR BOCES SWIM PROGRAM

Student volunteers are needed to work with handicapped children in a shallow water swim program co-sponsored by the College and BOCES. No advanced swimming skills are necessary to volunteer. Swim sessions will be conducted Friday mornings from 10:00 - 11:30 beginning February 25 and continuing through April. Interested persons are invited to sign up at the Memorial Hall bulletin board or contact Ms. Carole Hass (564-3144).

590th AIR FORCE BAND HERE FEB. 17

The 590th Air Force Band from McGuire Air Force Base will perform at the College February 17 as part of its celebration of George Washington's Birthday. The same band performed here last February and was warmly received by its college audience. The free concert begins at 8:00 p.m. in the Large Auditorium of Hawkins Hall.

COLLEGE CENTER FLEA MARKET FEB. 26

Students, faculty and staff may register now for a February 26 flea market to be held at the College Center. Registration forms are available at the main desk of the College Center.

ROBERT VEATCH, AUTHORITY ON DEATH AND DYING, HERE MONDAY

Death and dying will be the topic for discussion and a public lecture by Dr. Robert Veatch when he visits campus Monday (February 14). Staff Director of the Research Group on Death and Dying for the Institute of Society, Ethics and Life Sciences, Dr. Veatch is the author or editor of ten books including his most recently published *Death, Dying and the Biological Revolution: Our Last Quest for Responsibility*. See "This Week's Calendar" for the full schedule of Dr. Veatch's discussions and lecture.

PARKER NAMED TO ECAC HONOR ROLL; CARDS ON FOUR-GAME BINGE

Junior center Larry Parker has been named to the ECAC Division III Honor Roll in recognition of his outstanding play in the Cards' 84-50, SUNYAC victory over Cortland State. Parker had 17 points, 23 rebounds and three blocked shots in the game, which was the third in Plattsburgh's current string of four victories. Currently 8-7 after defeating Concordia Tuesday night in Montreal, the Cards travel to Geneseo and Brockport Friday and Saturday for two important conference tests. The reigning Conference champs are in third place among SUNY teams this season, and take on second-place Albany State Wednesday (Feb. 16) at 8:00 p.m. in Memorial Hall.

The Cardinal hockey team hosts RIT Friday and Union College Saturday at the Field House. Game time both nights is 7:00. The icemen are 7-9 after their Division II win Saturday over Geneseo State.

COLLEGE COUNCIL CONVENES TUESDAY

Plattsburgh's College Council has scheduled its regular February meeting for Tuesday (February 22) beginning at 3:30 p.m. in the board room on the tenth floor of the Kehoe Administration Building. Students, faculty and interested persons from the community are invited to attend meetings of the Council. The Council has adopted the policy of inviting comments from the gallery as a standard agenda item. Tuesday's meeting has been moved from the College Center Ballroom to the tenth floor board room because the number of guests in attendance at the Council's first two open meetings (in December and January) did not warrant the larger location. Council meetings generally last for approximately 90 minutes.

MONTH-LONG MEDIEVAL FESTIVAL BEGINS SATURDAY WITH QUEBEC MARDI GRAS

A month-long Medieval Festival at the College begins Saturday (February 19) with a Quebec Mardi Gras featuring the French-Canadian folkdance troupe "Les Tournesols" ("The Sunflowers"). Saturday's festivities — all of which are open to the public and free of charge — include a folkdance workshop from 2:00 until 5:00 p.m. in the College Center Ballroom; a folkdance performance by "Les Tournesols" at 8:00 p.m. in the Hartman Theatre of the Myers Fine Arts Building; and a Quebec Mardi Gras Costume Ball from 9:30 until midnight in the College Center Ballroom.

Plattsburgh Mayor Roland St. Pierre, speaking on behalf of the City and the Franco-American community in the region, will offer a brief welcome in French and English at the beginning of Saturday evening's performance in Hartman Theatre. Members of Les Tournesols will join with the other participants at the evening Mardi Gras costume ball. Prizes will be given at the ball for the best costume and hat, and refreshments will be served.

The Quebec folk fest is planned to place students and guests in first hand contact with French-speaking people and the culture which lies just north of Plattsburgh according to Dr. Edwin Hamblet, associate professor of French and coordinator of Saturday's activities.

Other events planned for the Medieval Festival — which continues through March 19 — include dance, theatre, films, readings, an art exhibition, lectures, discussions, a Latin Mass and a Medieval Feast, all designed to provide entertainment, cultural and artistic stimulation, and serious intellectual discussion. Weekly will carry more information as the Festival progresses, and a complete festival schedule may be obtained within the week by calling 564-2181.

DEMPSEY ACCEPTS POSITION IN WASHINGTON

William Dempsey, assistant to the president for analytical studies and long-range planning, will leave the College at the end of March to accept a position in the State of Washington. Dempsey joined the College in 1967 as an assistant professor of economics and director of Plattsburgh State's Economic and Business Research Institute (predecessor to the present Technical Assistance Center). In 1969 he was appointed to his present position with organizational and functional responsibility for the College's computer systems center, data processing, analytical studies and Technical Assistance Center. In his new position, Dempsey will be based at Washington State University in Pullman instituting a program to promote overall economic development in the State of Washington. The Federal Economic Development Administration will fund the new program with a \$250,000 grant for its first year of development and operation.

FRIGON TO DIRECT FIRST SUMMER HOCKEY PROGRAM

Plattsburgh State has announced plans for its first summer instructional program in ice hockey. Lou Frigon, head coach of the hockey Cardinals, will direct the program, consisting of three separate one-week sessions in August for players from eight to 17 years of age. Each session will feature individual and group instruction in all phases of the game, supplemented by a sports and recreation program under supervision of College professional staff.

The College is currently in the process of reviewing bids for installation of humidity control and refrigeration equipment which will ensure ideal ice conditions in the Field House rink during the three hockey school sessions from August 7 to 13; from August 14 to 20; and from August 21 to 27.

Tuition for resident students — those who receive full room and board in campus residence and dining halls — will be \$165 per week. Day (commuter) students will be charged \$95, which includes the cost of lunch each day of the session. Further information and application forms may be obtained by contacting the main office of the Division of Health, Physical Education and Recreation at (518) 564-3140.

DANCE MARATHON COORDINATORS NEED DANCERS, VOLUNTEERS

Coordinators of "The Dance for Those Who Can't" — Plattsburgh State's dance marathon for the benefit of the Muscular Dystrophy Association — are recruiting couples to participate in the 48-hour fund-raiser March 11-13. Nineteen couples completed last year's marathon and raised \$5,300 for the fight against muscular dystrophy. Organizers hope to double both the number of dancers and amount raised from this year's event. The marathon is open to the first 40 couples who pay the \$15 dollar

entry fee. Live bands are planned throughout the weekend, and scholarship prizes will be awarded to the couples collecting the most money for the MD campaign. To register, contact Cindy Weiss (561-5275) or Joan Parkman (562-0584), or visit the marathon information booth in the College Center. Volunteers are also needed to help coordinate the many aspects of the marathon.

TWO GUEST SPEAKERS ON CHEMISTRY SCHEDULED THIS WEEK

Two guest speakers will visit the College during the coming week to speak on topics in the field of chemistry. Professor Mark Green of Clarkson College will speak on "Stereochemistry — Free Radical Chemistry — Mass Space Spectrometry" during a meeting of the American Chemical Society Monday (February 21) beginning at 7:30 p.m. in Room 106 of Hudson Hall. Interested persons are invited to attend both the lecture and a Dutch treat reception at Roman Gardens beginning at 5:45 p.m.

Dr. Martha Cotter, assistant professor of chemistry and Sloan Research Fellow at Rutgers University, will visit the College February 24 to address the chemistry seminar and to talk with students about graduate opportunities in chemistry and biochemistry at Rutgers. Her speech, "Liquid Crystals from a Molecular Point of View," will begin at 12:15 p.m. in Room 209 of Yokum Communications Lecture Hall and is open to all interested persons. She will be available for conversations with students from 10:00 until 11:30 a.m. and from 2:00 until 3:30 p.m. in the lounge (Room 432) of Beaumont Hall.

VIDEO TAPE NETWORK LISTS WEEK'S OFFERINGS

The campus video tape network will feature "The Groove Tube," "The Forbidden City," and "Prisoner #10" in programming through February 21, and "Bush Leagues to Bright Lights," "Solzhenitsyn" and "Prisoner #11" in programming from February 21 - 28. The series is broadcast daily over Channel 4, on campus, according to the following schedule: Mondays beginning at 6:00 and 11:00 p.m.; Tuesdays beginning at 5:00 and 10:00 p.m.; Wednesdays beginning at 4:00 and 9:00 p.m.; Thursdays beginning at 3:00 and 8:00 p.m.; Fridays beginning at 3:00 and 8:00 p.m.; Saturdays beginning at 10:00 a.m. and 6:00 p.m.; and Sundays beginning at Noon and 7:00 p.m.

CREATIVE DRAMATICS WORKSHOPS FOR CHILDREN BEGIN MARCH 5

Roberta Watermeier will direct two eight-week, Saturday morning, creative dramatics workshops for children beginning March 5. Workshops are scheduled from 9:00 until 10:30 for children seven to nine years of age, and from 11:00 until 12:30 for children from ten to twelve years of age. All sessions will be conducted in the Studio Theatre of the Myers Fine Arts Building. The registration fee is \$20 per child, and the deadline for enrolling is March 3. Call 564-2181 for more information.

HOME SCHEDULE CONCLUDES FOR BASKETBALL, SWIMMING; PARKER REPEATS ON ECAC HONOR ROLL

Plattsburgh's varsity men's swimming and basketball teams conclude their home schedules for the season this week. The basketball team entertains Oswego State Saturday afternoon (February 19) at 3:00 and Clarkson College Monday night (February 21) at 8:00. Both games will be played in Memorial Hall. Monday's game has been rescheduled from February 22. The swimming team concludes its home schedule when it hosts Oswego and Potsdam in a triangular meet Saturday at 2:00 in Memorial Hall Natatorium.

The varsity hockey team is at home for three contests this week, Saturday against Oswego State at 7:00 p.m.; Sunday against Queens University at 3:00 p.m.; and Tuesday against Elmira College at 7:00 p.m. (rescheduled from February 8). The women's varsity basketball team faces Sherbrooke Friday evening (February 18) in an 8:00 o'clock game at the Field House.

Larry Parker has been named to the ECAC Honor Roll for the second straight week. His play in Cardinal victories over Geneseo and Brockport earned him his most recent mention. Parker is currently the second leading rebounder among small colleges and universities in the nation.

HOUSING COMMITTEE RELEASES TASK FORCE STUDY

The Student Association's Committee on Off-Campus Housing released a report Tuesday summarizing its findings and recommendations from a year-long study of off-campus housing available in and around Plattsburgh. Housing problems detailed in the report include alleged violations of housing codes, rent structures which effectively eliminate the leverage available to student-tenants, reported cases of discrimination on the basis of sex, and the expense of effecting housing reform through the courts. Most of the problems are attributed to a local housing shortage. Additionally, says the report, "Students are a transient, disenfranchised class with highly restricted ability to push enforcement of their rights or reform, even though they are both badly needed."

It was the Off-Campus Housing Committee's feeling that the "best hope [for solution] lies with the creation of a tenants' association which would be a community-wide coalition of all substantial tenants' blocs." Such a committee, said the report, might act as a pressure group or a referral service, might act as a forum for discussion of housing problems, or might provide ratings of local housing and landlords. Off-Campus Housing Committee Chairman Ray Comfort told Weekly yesterday that he is hopeful that his group can become active with housing committees now being formed in the community under the auspices of organizations such as the County Mental Health Board and the Joint Council of Economic Opportunity.

Persons who wish to review the report of the Off-Campus Housing Committee may do so in the Student Association Office in the College Center.

FACULTY SENATE WILL CONTINUE DISCUSSION OF GENERAL EDUCATION PROGRAM

Tuesday's meeting of the Plattsburgh Faculty Senate focused on discussion of the proposal for a General Education Program presented by the Standing Committee on Undergraduate Studies. No action was taken on the proposal, and the Senate will continue discussion at its next regularly scheduled meeting, March 8.

MRS. GREEN, WILLIAMSON, REASSIGNED

Diana Green

The departure of William Dempsey, assistant to the president for analytical studies and long-range planning and director of the Technical Assistance Center, will result in a change in assignment for two members of Dempsey's staff.

President Burke has announced that Mrs. Diana Green, a member of the College staff since 1969, has been appointed Director of Institutional Research and will direct the programs of the Office of Analytical Studies and be responsible for the operation of the Computer Center.

Thomas Williamson, who arrived on campus in October, 1976, will assume responsibility for the Technical Assistance Center. Williamson is now associate director of TAC.

Both Mrs. Green and Williamson will report to President Burke; both appointments are effective April 1, 1977.

NOMINATIONS SOUGHT FOR DISTINGUISHED SERVICE AWARD

Nominations will be accepted through March 15 for the Distinguished Service Award — the College's highest honor. Established by act of the College Council in 1965, the Distinguished Service Award recognizes achievements, leadership and service to community, state, nation, or to the international human community. DSA recipients are selected by the College Council and the award is presented at spring commencement exercises by the President of the College. More than one person may be selected for the award in a given year, or, as was the case last year and in 1973, the Council may decide not to present the award at all. Nineteen persons have received the award since 1965. Among them are the late Senator Robert F. Kennedy, foreign news correspondent John Scali, former College President George W. Angell, and State Senator Ronald B. Stafford. Nominations for the Distinguished Service Award should be forwarded, with supporting materials, to Don Garrant, assistant to the president for college relations, Kehoe Administration Building.

S.A. BOOK SWAP BUSINESS GROWS THREEFOLD

Final accounting of spring semester sales at the S.A.-sponsored Book Swap show the service has tripled in size in one semester. Begun in the fall with sales of used books totaling \$1,921 (all books are priced at 60% of retail cost), the Book Swap this semester did \$6,822 worth of business on 1,082 books. The S.A. collects a 25¢ fee on each book sold to cover the cost of operating the Book Swap; all other proceeds from the book sales are returned to students offering the used books for sale.

NATIONAL POLLSTER GEORGE GALLUP HERE MARCH 3

George Gallup, Jr., president of the famous Gallup Poll, will be at Plattsburgh State March 3 to speak on "American Attitudes Toward the New Administration." Gallup's address, beginning at 8:00 p.m. in the Large Auditorium of Hawkins Hall, is open to all interested persons.

SENIORS — ORDER YOUR CAPS AND GOWNS, GRADUATION ANNOUNCEMENTS, BY MARCH 15

Graduating seniors have until March 15 to order their caps and gowns and graduation announcements at the College Bookstore. Persons who are uncertain about graduating in May are encouraged to order caps and gowns now, and will not be billed if they do not take delivery on their orders. Graduation announcements sell for 33¢ each, plus tax, and must be prepaid.

UNIVERSITY ESTABLISHES GRIEVANCE PROCEDURE FOR DISCRIMINATION COMPLAINTS

State University has established a standard grievance procedure for adjudication of all complaints alleging discrimination. The procedure, which is open to all students, faculty and staff, calls for informal review by the campus affirmative action officer at the first step, and subsequent review by a tripartite campus committee if resolution cannot be achieved at the first step. Descriptions of the procedure, and forms for filing grievances within the procedure, are available at the personnel office in the Kehoe Administration Building.

A.C.I.D. SCHEDULES ORGANIZATIONAL MEETING MONDAY

A new local action group, formed to promote the goals of independence and dignity of all handicapped persons, will hold its first open meeting Monday (February 28) at 7:30 p.m. in the general meeting room of the Clinton County Government Center in Plattsburgh. All interested persons are encouraged to attend. Call Robert Slauson (564-2012) for more information.

MEDIEVAL FESTIVAL CONTINUES WITH THEATRE AND ART EXHIBITION

Activities in the month-long Medieval Festival will continue this week with plays performed by the New World Consort and the New Theatre Association, and the opening of an art exhibition, "Beasts and Bestiaries: Animals in Art," in the Myers Gallery. The New World Consort will perform Adam de la Halle's *Play of Robin and Marion* tonight at 8:00 in the Large Auditorium of Hawkins Hall, and the New Theatre Association will present a series of three short plays depicting aspects of the Middle Ages in nightly performances beginning at 8:00 in the Studio Theatre of the Fine Arts Building, February 25-28. See "This Week's Calendar" for further details.

DR. ENGLEHART TO SPEAK ABOUT "THE QUEST FOR IDENTITY"

Dr. Carl Englehart, professor of English, will speak on "The Quest for Identity" — specifically the quest for identity of American literature — during the next presentation of the SUNY Plattsburgh Lecture Series. His address will begin at 7:30 p.m. March 3 in Room 106 of Hudson Hall. Admission is free of charge.

PROFESSIONAL EDUCATION HEALTH TEACHING DAY SATURDAY

Dr. Merritt Spear, director of College Health Services, will cooperate with students in the College's nursing and health programs to conduct a professional education teaching day Saturday (Feb. 26) from 1:00 until 4:00 p.m. in the College Center Music Room. The program is especially geared to health and nursing students and nursing home personnel, but all interested persons are invited to attend. A \$1 admission charge covers the cost of refreshments. Scheduled are films, lectures, demonstrations and a description of methods for early detection, pathology and treatment of rectal and colon cancer.

CAMPUS RECREATION SCHEDULES EXPANDED

College recreational facilities, including Memorial Hall, the Field House and the gymnasium at the Comprehensive Educational Center, will be open on an expanded schedule through April 30 to provide greater recreational opportunities for students, faculty and staff. Copies of the revised schedule are available from the Office of Health, Physical Education and Recreation in Memorial Hall.

FOUNDATION GOAL FOR 1977 SET AT \$100,000

The Plattsburgh College Foundation hopes to achieve \$100,000 in its fund-raising efforts during 1977. This goal, which is \$14,000 higher than that set for last year, was established by the Foundation Board of Directors at its annual meeting. In 1976 the Foundation exceeded its goal and surpassed the \$80,000 mark for the first time in its short history. Giving to the Foundation increased overall by 10.7 per cent over 1975 (whereas, the national average in voluntary support failed to budge above six per cent). Since 1974, contributions to the Foundation have increased by 22.1 per cent.

TAP PROPOSAL IS \$6.5 MILLION LESS THAN NEED ESTIMATES

The \$177.7 million appropriation that has been recommended to fund TAP (Tuition Assistance Program) for the 1977-78 academic year is \$6.5 million less than needs estimated for the current academic year. This is the report from the Association of Colleges and Universities of the State of New York. A recent issue of the association's newsletter says: "Changes in the program recommended by the Governor include reinstatement of the graduation date of January 1, 1974 to determine eligibility for the maximum award, limitation of grants to students enrolled in associate and master's degree programs to four semesters, establishment of a new award schedule for single, emancipated students, and reduction of lower-division TAP awards by \$100 when the tuition charge is less than \$1,500. The latter will make it more difficult for needy students to attend, coupled with the proposed reduction in awards for single, emancipated students who would receive maximum TAP assistance only if their net taxable income was less than a thousand dollars."

IMASCO LTD. OF CANADA PLEDGES INCREASED SUPPORT FOR STUDENT AND FACULTY GRANTS

Through the generous support of Imasco Limited, a Canadian consumer company specializing in tobacco and food products, the Foundation now offers scholarships annually to Plattsburgh State students who plan to focus their studies on Canada. As a result of Imasco's continued interest in the College's Canadian Studies program the Company has increased its support and pledged \$4,800 over the next three years. Of the total grant, \$3,000 will be used to provide two undergraduates with scholarships of \$500 each to be awarded annually for a three-year period and the remaining \$1,800 will be used to provide two \$300 research and/or teaching grants-in-aid annually to assist Canadian Studies faculty members in their research and/or courses on Canada.

RESIDENCE HALL OCCUPANCY AT 92 PER CENT

Campus residence halls are occupied at 92 per cent of capacity. Figures recently compiled by the College Housing Office staff show that 2,563 students — 1,471 women and 1,092 men — are living on campus during the current semester.

TEMPERATURES TO DROP SLIGHTLY IN CAMPUS BUILDINGS

Buildings and Grounds is making efforts to comply with an energy conservation mandate from the governor's office to lower the temperature in all campus buildings to 65°. At present, the majority of campus buildings are being maintained at temperatures of 67°. "This means that students, faculty and staff can expect a very slight change in temperature in most campus spaces, including residence halls, in the very near future," said Malcolm Collin, director of the physical plant. "The change will be hardly noticeable," he added. Certain spaces are exempt from the mandate, including the College infirmary, the natatorium in Memorial Hall and conditioning rooms in both Memorial Hall and the College Field House.

GENERAL EDUCATION PROGRAM MAIN TOPIC ON SENATE AGENDA

Continued discussion of the proposed General Education Program is the main topic on the agenda of Tuesday's (March 8) Faculty Senate meeting, according to Dr. Herman Doh, Senate chairman. The proposal came before the Senate last month, but after about an hour's discussion, no action was taken and it was decided to continue discussion at the March session. Dr. Doh would not predict if a vote would be taken on the proposal which has been advanced by the Senate's Standing Committee on Undergraduate Studies.

COMMITTEE FORMED TO PLAN SPRING OPEN HOUSE

A committee has been formed to plan for the College's annual Spring Open House for prospective students and their parents that is scheduled Saturday, April 30. The program includes campus tours and sessions with representatives of the various academic areas. Chairman of the planning committee is Don Garrant, assistant to the president for college relations. Committee members include: William Dobbie, assistant to the dean, Faculty of General and Professional Studies; Dennis R. Doyle, director of communications; Daniel Flenniken, associate in instructional resources; Albert Hassler, assistant to the dean, Faculty of Arts and Science; Dr. Hilton P. Heming, professor of education; Malcolm R. Lavery, director of alumni relations; Robert Moll, assistant to the dean, Faculty of Arts and Science; William Tolosky, head custodian, Buildings and Grounds; and Stanley Wojtowicz, admissions counselor.

THREE EVENTS HIGHLIGHT CONTINUING MEDIEVAL FESTIVAL

A medieval feast, the presentation of a film classic, and a lecture by a Faculty Exchange Scholar highlight the continuing, one-month-long Medieval Festival underway on campus. The Quantity Foods Program offers an authentic 14th Century meal at 5:30 p.m. today in the Campus School Banqueting Hall. The New Theatre Association dance group will perform "Medieval Sweet" and the Music Council musicians will provide a musical interlude during the banquet program. Saturday, at 7 p.m., the International Film Festival will present *The Decameron* in Hawkins Hall Auditorium. Pier Pasoline, who appears in the film as

the artist Giotto, has transposed the earthy ribaldry of Boccaccio's work into a beautiful, turbulent and uproarious fresco of life in 14th Century Italy. Next Thursday, Dr. Joseph Szoferffy, professor of comparative literature and medieval studies at SUNY Albany, will speak on "Life and Literature — cultural influences — secular v. religious tradition in the Middle Ages" at 7 p.m. in Room 200 of Yokum Hall.

ALUMNI GIVING SETS NEW MARK

Alumni giving to the scholarship and grants-in-aid program administered by the Plattsburgh College Foundation shattered all previous records during 1976. A recent, final tabulation shows that 818 Plattsburgh State alumni contributed \$21,042.40 to the Annual Fund of the Alumni Association during the year. The number of donors exceeded the 1975 roster of contributors by 137 alumni (up 20 per cent), and income increased by more than \$4,000 over the previous year's total. Alumni giving enabled the Foundation to award more than \$12,000 in scholarships and grants to 74 needy students, and to wipe out a deficit incurred during 1975 when more alumni funds were allocated than received to deter tuition and other expenses in response to an unprecedented number of requests for emergency financial aid.

CHATEAUGAY SCHOOL ADMINISTRATOR HEADS ALUMNI BOARD

Adrian "Bill" Wood, '39, has assumed the presidency of the Plattsburgh Alumni Association Board of Directors. Serving as vice president is James Sears, '54, elementary school principal at Beekmantown Central School and a member of the Clinton County Legislature. Treasurer Mrs. Nancy McGaulley, '51, and Mrs. Stasia Arcarese, '62, return to their positions on the alumni board. New board members are C. Thomas Cummings, '56, school business administrator at Canajoharie Central School; Gerald Thompson, '67, principal of Ervin High School in Catskill; and Rolando Thorne, '72, who is currently studying for his master's degree in hospital administration at Yale.

DR. WATERHOUSE ACCEPTS SIGMA XI CHAIRMANSHIP ROLE

Dr. J. Stallard Waterhouse, professor of biology, has accepted an invitation to chair the 1981 Annual Meeting of Sigma Xi, the Scientific Research Society of North America. His acceptance means that he has agreed to serve as a member of the society's Committee of Meetings this year and in subsequent years through 1980, then assume principal responsibility for planning and managing the annual assembly of scientists in 1981. This year's annual meeting of Sigma Xi will be held in Myrtle Beach, S.C., during the first weekend in November.

FINANCIAL AIDS INFORMATION SESSION SCHEDULED FOR MONDAY

A presentation featuring various financial aid programs available to students, procedures in completing application forms and a discussion of college budgets will highlight an information session on financial aids to be held Monday at 7:30 p.m. in Room 200 of the Yokum Communications/Lecture Hall. The program, a community service activity of the College's Financial Aids Office, is designed for parents of college-bound students and parents of students in their junior year of high school. Further information may be obtained by contacting Mrs. Jane Minnier, director of financial aid, at 564-2072.

SATURDAY RECREATIONAL SWIMMING PROGRAM CANCELED

With Memorial Hall's Natatorium booked as the site of the Boys' High School Sectional Championships on Saturday, the usual faculty-family swim period, lap swimming and student recreational swimming have been canceled for that day.

NOMINATIONS INVITED FOR CIVIL SERVICE TRAINING WORKSHOP

Supervisors in salary grades up to and including Grade 13 are invited to submit their nominations as prospective participants in a training workshop, Fundamentals of Supervision, to be held April 18-22 at the State Campus in Albany. The course will cover principles of efficient work management and good employee relations, and will explore such topics as planning, communications, leadership, interpersonal relations and employee training. The closing date for nominations is March 22. Further information may be obtained by contacting the Personnel Office (3062).

GENERAL EDUCATION PROGRAM REFERRED BACK TO COMMITTEE

After lengthy debate, the Faculty Senate Tuesday referred the proposal for new General Education requirements back to the Standing Committee on Undergraduate Studies. Senate Chairman Herman Doh said the proposal was referred back to committee "for reconsideration, taking into account principal questions raised by the Senate during several hours of discussion and debate."

ELSASSER RESIGNS; GRANT ASSUMES SA PRESIDENCY

George Elsasser, who ran unopposed in the December 7 election of Student Association officers, has resigned as president of the student government body. Elsasser's letter of resignation was read and accepted at last Thursday's meeting of the Student Senate. Tom Grant, a junior political science major from Islip, moves up from the executive vice presidency of the SA to assume leadership of the organization until next December's elections.

DANCE MARATHON BEGINS TOMORROW

Thirty couples have registered for the second annual 48-hour "Dance for Those Who Can't" marathon which begins at 8 p.m. tomorrow in the Ballroom of the College Center. Proceeds from the marathon, generated by gate receipts, donations and sponsorship of the dancers, will benefit the fight against muscular dystrophy. Last year's event netted more than \$5,000 for the muscular dystrophy fund. Five bands will provide live music for the twenty-two hours of dancing. Competitors will dance Friday from 8 p.m. until 2 a.m.; Saturday from 7 a.m. until 2 a.m.; and Sunday from 7 a.m. until 8 p.m. First place marathon dancers (the couple that completes the marathon and generates the greatest sponsor support) will share a \$500 scholarship provided by the College's Alumni Association. Second place finishers will share a \$250 savings bond provided by the Plattsburgh Distributing Co., Inc.

In addition to the competition, the program will feature a free festival for children Saturday morning, including films, a children's theatre performance, a juggling act and magic show, and a clown performance. An Acro-Theatre demonstration, a mini-Arts and Crafts show, a foosball tournament, gong show performance, a beer drinking contest and other events will highlight activities throughout the remainder of the day and evening on Saturday. Sunday's activities include a talent show, folk dancing and a pie-in-the-face raffle. Admission to all events (excluding children) will be 50 cents per person, including community residents.

ACTIVITIES ASSESSMENT REFERENDUM SET FOR MARCH 22

Students will go to the polls March 22nd to determine whether this campus will continue to require students to pay the activities assessment of \$35 per semester per matriculated student (part-time students pay a prorated fee). The referendum will be held in compliance with a state requirement that student governments throughout SUNY must earn the right to collect mandatory fees by ballot prior to the end of the current academic year. A Student Association source reported Wednesday that nine State University units had conducted referendums to date, and all nine had approved the mandatory assessment by overwhelming margins. On this campus, the mandatory fee supports a vast range of activities, from the intercollegiate sports program for men and women and concerts, movies, Parents/Homecoming/Winter Weekends, Speakers Forum, clubs, Cardinal Points and the campus radio station to the SA book swap, Artist's Series and an emergency loan fund which has provided more than \$20,000 to students since its inception in September, 1975. The polls will be open from 8 a.m. to 8 p.m. on the 22nd. Students may cast their ballots at the following campus locations: College Center (for off-campus students and residents of Macdonough and Harrington Halls); Clinton Dining Hall (for residents of Hood, deFrenenburg, Moffitt, Wilson and Mason Halls); and Algonquin Dining Hall (for residents of Kent, Macomb, Adirondack, Whiteface and Banks Halls).

SIX COUNTIES ASK FUNDING FOR COLLEGE'S TAC

Six counties in the northeastern region of New York State have gone on record in support of state funding for the College's Technical Assistance Center. County legislators and supervisors representing Clinton, Essex, Warren, Washington, Saratoga and Hamilton Counties unanimously approved the resolution put forth by Dr. Charles Clark of Washington County at a recent Inter-County Legislative Conference. The measure, introduced in the State Legislature by Senator Ronald B. Stafford and Assemblyman Andrew W. Ryan, Jr., would provide about \$150,000 in state assistance for TAC. The bill is currently in committee of each house of the Legislature. TAC currently receives most of its operating funds from the federal government. If state legislation were approved, TAC would get both federal and state funding for operating the Center which assists businesses, industries, and local governments in sixteen counties of New York State.

FOUNDATION SCHOLARSHIP BROCHURE TO LIST TEN NEW GRANTS

The Plattsburgh College Foundation's scholarship brochure, which is distributed each spring to more than 4,000 undergraduates, will list ten new scholarships for the 1977-78 academic year. Don Garratt, Foundation executive director, reports that grants have been received for the first time from: Vincent S. Jerry and Sons (\$1,000), Suffolk County Home Economics Extension Scholarship (\$750), Plattsburgh Distributing Company (\$500), Imperial Wallpaper Company in memory of Robert Blakeslee (\$500), United University Professions in memory of Dr. John Deeb (\$300), Mr. and Mrs. Mel Lichtig (\$250), Ormsby's Sports World (\$250), Mr. and Mrs. Louis E. Wolfe (\$250), and Sigma Theta Tau (\$200).

ADVISEMENT AND REGISTRATION BEGINS MARCH 22ND

The advisement period for the Fall semester will begin on Tuesday, March 22, and continue until Friday, April 1. During this time period, students must deposit their completed Master Registration card at the College Center desk (from 8:30 a.m. to 4 p.m.). Registration results will be distributed from Tuesday, April 26, through Friday, April 29. On-campus students will receive their results in their residence hall mailbox. Off-campus students may pick-up their results in the College Center, from 8:30 a.m. to 4 p.m. daily.

A program completion period is scheduled for Monday, May 2 through Friday, May 6, and Monday, May 9, for those students who receive a notice on their registration results. Schedule completion will be held at the ticket booth, in Myers Fine Arts lobby, from 8:30 a.m. until 12:30 p.m. daily.

FLIP EVALUATION WORKSHOP TO BE HELD MARCH 17, 18

The College will host an Evaluation Workshop on the Campus School's French Language Immersion Program (FLIP) to be held March 17 and 18 in the Music Room of the College Center, beginning at 7:30 p.m. both days. A distinguished panel of noted psychologists and linguists will discuss topics relating to the Immersion Program, instituted for the first time this year at the Comprehensive Education Center (CEC).

The Thursday evening presentations by Dr. Stern of the Ontario Institute for Studies in Education, Toronto, and Dr. Wallace Lambert of McGill's Psychology Department in Montreal, are expected to have the greatest appeal to a cross-section of students and faculty. Their comments are expected to pertain to language acquisition, cognitive growth, cultural inhibitions to second language learning and attitude changes among pupils as they learn a second language. The two-day program cuts across many disciplines.

FOUNDATION'S INVESTMENT PROGRAM HAS SUCCESSFUL FIRST YEAR

The Plattsburgh College Foundation's investment program had an extremely successful first year with the First Albany Corporation handling the investment portfolio. At a recent meeting of the Investment Committee the report showed a total increase of \$38,761.66 in assets. This, according to Investment Committee Chairman Franklin R. Forbes, represents a 15.6 per cent increase in the portfolio.

TWO LECTURES IN MEDIEVAL FESTIVAL SPOTLIGHT

Two events highlight this week's Medieval Festival calendar. This evening at 7:00 Faculty Exchange Scholar Dr. Joseph Szoverffy, professor of comparative literature and Medieval Studies at SUNY Albany, will discuss "Life and literature — cultural influences — secular v. religious tradition in the Middle Ages" in Room 200 of Yokum Hall. On Saturday at 7 p.m., local architect Jeremia Oosterbaan will evaluate "The Gothic Cathedral" as a reflection of society during a lecture to be held in Room 232 of the Myers Fine Arts Building. Oosterbaan will augment his lecture with a slide presentation to draw comparisons between gothic and contemporary architecture. Both lectures are open to all, free of charge. The one-month-long Medieval Festival will conclude with two events scheduled for next weekend.

S.A. MANDATORY FEE REFERENDUM SET TUESDAY

The future of mandatory student fees, and consequently the future of many of the activities which are currently available to Plattsburgh students, will be decided Tuesday (March 22) during a campus referendum. State University requires the Student Association to conduct a referendum periodically to determine whether a majority of students are willing to pay a mandatory fee in support of campus activities (that fee is currently \$35 per semester for full time matriculated students). Tuesday's referendum will be conducted from 8:00 a.m. until 8:00 p.m. and students may cast their ballots at the College Center (for off-campus students and residents of Macdonough and Harrington Halls), Clinton Dining Hall (for residents of Hood, deFredenburg, Moffitt, Wilson and Mason Halls), and Algonquin Dining Hall (for residents of Kent, Macomb, Adirondack, Whiteface and Banks Halls).

DANCE MARATHON NETS \$7,188

Twenty-three couples who completed last weekend's dance marathon for the benefit of the Muscular Dystrophy Association collected \$7,188 in donations and gate receipts. First-place winners, with nearly \$900 in pledges from their sponsors, were local high school students Ray Babbitt and Laura Auben (Laura is the daughter of Evelyn Auben who is a member of the Algonquin Dining Hall staff). Second place finishers in a very close contest were Plattsburgh State students Rich Cowen and Lynn Ambrosetti. The first place finishers chose a \$250 savings bond from the Plattsburgh Distributing Company as their prize, and Cowen and Ambrosetti will share a \$500 scholarship provided by the Plattsburgh Alumni Association.

NEW MACHINE TO AID PARTIALLY SIGHTED STUDENTS

Visualtek, a closed circuit television unit loaned to the College by the State Commission for the Visually Handicapped, is available in the Media Learning Center at Yokum Communications Lecture Hall for the use of partially sighted students. We encourage our readers to bring this new service to the attention of any of their partially sighted friends. Visualtek is an extremely flexible unit which can greatly magnify, or intensify the contrast of, printed materials. Persons who wish to use the system are asked to contact Dan Flenniken in Instructional Resources at 564-2111.

NOTED THEOLOGIAN AND AUTHOR RICHARD RUBENSTEIN HERE TUESDAY

DR. PERKINS ACCEPTS COLLEGE PRESIDENCY IN MANITOBA

Dr. Harold J. Perkins, Dean for Graduate Studies and Research, will become president of Brandon University in Brandon, Manitoba in the fall. Dr. Perkins joined the College at Plattsburgh as an associate professor of chemistry in 1963, and has served as chairman of the Division of Science and Mathematics (1964-1969), Dean of the Faculty of Science and Mathematics (1969-1975), and Dean for Graduate Studies and Research (1975-). Dr. Perkins will leave Plattsburgh State in August.

Brandon University is a four-year liberal arts university with approximately 2,500 students and 250 faculty. The provincial university maintains a strong program in music and offers a variety of unusual programs of study for native Canadians. In addition to its main campus in Brandon (Manitoba's second largest city) the university has satellite campuses in Northern Manitoba.

In a letter informing College President Joseph C. Burke of his decision, Dr. Perkins wrote: "The opportunity to put to the test, in a small but important Canadian University and in a new and challenging position, the lessons I have learned at Plattsburgh, has proved to be too exciting and too strong a temptation to resist."

Dr. Burke responded: "Your every action at the College is testimony of your total commitment to academic excellence and scholarship. Though I rejoice in your appointment to a position which you richly deserve, your absence will create a vacuum which will be difficult if not impossible to fill."

COUNCIL EXPRESSES 'SERIOUS RESERVATIONS' ABOUT WESSELL REPORT

By unanimous vote at its March 31 meeting, the Plattsburgh College Council passed a resolution which "expresses serious reservations about the preliminary recommendations of the Wessell Commission and calls to the attention of the Governor and the State Legislature the deleterious effects which these recommendations portend for State University and its individual campuses." The Wessell Commission, a temporary commission appointed to study the future of post-secondary education in New York State, has recommended a restructuring of CUNY and SUNY into two entirely new university systems. The Council resolution sees the proposed plan as posing a "serious threat to the quality and stability" of SUNY, and notes that changes proposed by the Wessell Commission "do not appear to improve services either for the citizens of the State, the people of the North Country, or for the alumni and students of the State University College at Plattsburgh." Copies of the resolution were forwarded to Governor Carey; the Chairman of the Senate Higher Education Committee; the Chairman of the SUNY Board of Trustees; the Acting Chancellor of SUNY; the Senate Majority Leader and the Speaker of the Assembly.

Also at their March meeting, members of the Council elected Mrs. Judith Duken to the position of Council Vice Chairperson, succeeding Robert T. Booth whose Council term expired last fall.

PLATTSBURGH STATE'S SUPPLEMENTAL BUDGET REQUEST: \$129,600

President Burke has requested that a total of \$129,600 for the College at Plattsburgh be included in the State's supplemental budget appropriation. Traditionally, that appropriation is the final item of business to come before the State Legislature prior to adjournment for the session. Included in Plattsburgh's request are funds for: the move to the new College library, library price increases, temporary service monies, rental of an academic computer, and inflationary increases for the expense of supplies.

PLATTSBURGH RANKS FOURTH IN RETENTION OF FRESHMEN

Thomas Corigliano, coordinator of academic advisement, reported at the March College Council meeting that the College at Plattsburgh maintains the fourth lowest freshmen attrition rate of SUNY's 12 arts and science colleges. Corigliano noted that continued improvement of the retention rate is beneficial to the College, its students and the State's taxpayers, and explained that improved advisement is essential to increased retention. Vice President for Academic Affairs Thomas Porter explained that concern for the quality of academic advisement and the retention of students were factors considered in establishing the position of coordinator of academic advisement.

FACULTY SENATE ORGANIZES: DOH CONTINUES AS CHAIRMAN

Dr. Herman Doh was re-elected chairman of the Faculty Senate at the Senate's organizational meeting Tuesday. Dr. Howard Miller was elected vice chairman of the Senate, and Marilyn Morton was elected secretary. Elected members of the Senate Executive Committee for the coming year are Dr. John Myers and Dr. Richard Robbins. Elected members of the Faculty Affairs Committee are Dr. Kenneth Hoeltzel and Dr. Martin Lubin. The Executive Committee will meet Friday to complete organization of the Senate by making appointments to the various standing committees.

FOUNDATION SCHOLARSHIP APPLICATION DEADLINE EXTENDED

The deadline for applying for scholarships and grants administered by the Plattsburgh College Foundation has been extended to May 2. Application forms and brochures describing the 57 scholarship programs administered by the Foundation may be obtained in the Financial Aids Office on the second floor of the Kehoe Administration Building.

CONGRESSIONAL RECORD CITES FAST DAY FOR CHARITY

Plattsburgh State's fast day for charity has earned commendation in the U.S. *Congressional Record* for March 30. Congressman Robert C. McEwen's entry in the *Record* cites "students in the New York State University College at Plattsburgh, the college community, Father Dan Keefe, head of the Newman Center in Plattsburgh...for the sacrifices they are making on behalf of the poor of Clinton County."

PARKER AND WRIGHT NAMED ALL-SUNYAC; PARKER 'MOST OUTSTANDING'

According to a poll of basketball coaches in the State University of New York Athletic Conference (SUNYAC), Plattsburgh State this season fielded two of the six best players in the league, including SUNYAC's Most Outstanding Player. Cardinals Larry Parker (a junior) and Ronnie Wright (a senior) were named to the six-member first string of the All-SUNYAC Team April 5. Parker, a junior who led the conference in scoring (22.3 ppg) and rebounding (20.3 rpg) was the runaway choice for Most Outstanding Player. Of eleven votes cast for first choice to the All-Conference Team, Parker received six. Wright received three of the remaining five votes for first choice. (Coaches are not allowed to vote for their own players in SUNYAC balloting.) This is Parker's third selection to the All-Conference Team in as many years of competition for Plattsburgh State. Wright, a transfer to Plattsburgh two years ago, has been named to the squad for both his seasons of play.

RECRUITER/CAREER NIGHT TONIGHT

Representatives of more than 60 business and professional agencies will be on campus tonight for the Career Planning and Placement Office's annual career night. Scheduled in the College Center Ballroom from 7:00 until 9:00 p.m., the recruiter/career program offers students opportunity to discuss job qualifications and position availabilities with working professionals. All interested persons are invited to attend.

GRANT TO KOKOSZKA WILL BENEFIT LOCAL HIGH SCHOOL STUDENT

A \$500 grant from the Petroleum Research Fund will enable chemistry professor Gerald Kokoszka to involve a promising local high school student in research to be conducted this summer in his laboratory at Plattsburgh State. The grant is part of the American Chemical Society's Project SEED, which underwrites opportunities for high school students to become involved in research on college campuses. "I don't intend to select a student for this grant solely on the basis of high school achievement," Kokoszka explained. "What I'm looking for really is someone with promise — maybe someone who hasn't seriously considered studying chemistry but who has the aptitude and enough interest to want to experiment will full-time chemical research for a summer." His selection will be announced May 1.

TWO IMPORTANT VISITORS HERE THIS WEEK

Ceramicist Paul Soldner and writer Hortense Calisher will visit Plattsburgh State this week. Soldner will be in residence April 15 and 16, speaking with students and conducting demonstrations of his art. Calisher will be on campus Tuesday for a panel discussion and lecture. Details are included in "This Week's Calendar."

PLANETARIUM SHOW — 'BLACK HOLES AND FRIENDS'

Titled "Black Holes and Friends," Friday's (April 15) planetarium show will investigate several theories about the origin of the universe and the death of massive stars in space. Concepts of black holes, white holes and even worm holes in space have been used to describe various phenomena observed by astronomers. These concepts will be examined in shows beginning at 7:30 and 8:30 p.m. in the Hudson Hall Planetarium. Free tickets to the Friday shows may be obtained in the main office of Hudson Hall.

COLLEGE RECEIVES \$38,000 GRANT FOR SUMMER YOUTH SPORTS PROGRAM

The College will host a five-week youth sports program this summer co-sponsored by the National Collegiate Athletic Association (NCAA) and the federal Community Services Administration (CSA). The program, expected to begin July 11, will feature instruction and competition in sports and physical fitness as well as exposure to educational opportunities, career information and good health and nutrition practices for some 250 Clinton County boys and girls of ages 10 through 18. A CSA grant of \$38,000 will fund the program. Project administrator Dr. Ernest Rangazas, chairman of health, physical education and recreation, will work with the County's Joint Council on Economic Opportunity in recruiting youth participants. He said he expects the program to offer approximately five hours of activity per day to include instruction in swimming, basketball, track, gymnastics, softball, tennis, soccer, volleyball, golf, and ice skating. Additionally, participants will receive instruction each week in such areas as personal hygiene, nutrition and good sportsmanship. Rangazas was in Atlanta, Ga., this week attending a conference for National Youth Sports Program administrators representing colleges and universities in all parts of the nation.

SUNY FACULTY SENATE MEETS HERE THIS WEEKEND

An estimated 70 senators, committee chairpersons and State University Central Office representatives will be on campus Friday and Saturday of next week to participate in the 56th regular meeting of the University Faculty Senate. Dr. Warren Slocum, Plattsburgh's University Faculty Senator, said the organization will meet from 10 a.m. until 5 p.m. on Friday and from 9 a.m. until early afternoon adjournment on Saturday. All business sessions will be conducted in Ballroom A of the College Center, and campus faculty and professional staff are invited to attend the proceedings. Acting University Chancellor James F. Kelly will address the Senate at 10 a.m. on Friday. The Hon. Ronald B. Stafford (R-Peru), New York State Senator, 43rd District, and Chairman of the Senate Committee on Higher Education, will address the gathering following dinner Friday evening in Ballroom B of the College Center. The University Faculty Senate last met at Plattsburgh State approximately 10 years ago.

EXPANSION OF 'PEER RECRUITMENT PROGRAM' CONTEMPLATED

A "Peer Recruitment Program" — a project launched in the fall of 1975 by the Admissions Office in which trained, currently enrolled student volunteers visit prospective students in their hometown area schools — has been judged to be of potential, long-range benefit to the institution and may be expanded next fall. A recent progress report compiled by admissions staff, which was based on results of an evaluation survey of high school counselors, concludes that the program has value. During a two-week period in January, 40 Plattsburgh State peer recruiters visited 73 high schools and contacted 253 prospective students. In following-up via questionnaire, admissions personnel learned that a great majority of guidance counselors (51 of 54 respondents) concurred that the program has merit. At present, staff are reviewing comments critical of the program to bolster training of students who will participate during the 1977-78 academic year. The peer recruitment program is coordinated by Ms. Jan Edwards of the admissions staff.

U.S. CUSTOMS SERVICE - PSUC STUDENT/WORK PROGRAM ANNOUNCED

Students who have completed the freshman year are eligible to apply for participation in a program which affords opportunity to serve in the U.S. Customs Service (Patrol or Inspection) at entry ports at either Champlain or Rouses Point. Service assignments total 26 weeks, with intervening study periods, and carry federal pay, fringe benefits and consideration for non-competitive appointment on a permanent basis. Details may be obtained from the Director of Placement, Kehoe 410. For appointments in July or September, the *deadline* for the completion of applications is May 2.

SUPPLEMENTAL WORK/STUDY GRANT OF \$85,000 WILL FUND SUMMER PROGRAM

An \$85,000 supplemental grant from the Federal Work/Study program will enable the College to employ approximately 150 students, full time, from May 23 through June 30. Jane Minnier, Director of Financial Aids, explained that work/study funds for 1977-78 will be used to continue the summer work/study program from July 1 through the beginning of the next academic year.

STUDENT AFFAIRS REORGANIZES

Plattsburgh State's Student Affairs Division has been reorganized to focus greater attention on student development programs. "This reorganization reduces division funds spent on general administration; improves collaborative program development efforts; establishes responsibilities for staff development and program evaluation; and reduces the number of departments," said Student Affairs Vice President Thomas Aceto. "It is necessitated in part by continued budget cuts which have reduced our level of support to the lowest among student affairs divisions in SUNY." Dr. Robert Kellett, Jaimie Trautman, Mark Christiansen and William Laundry will have new titles and responsibilities in the reorganized division, formalizing ad hoc arrangements which have been initiated experimentally during the past two years.

Under the reorganization, Student Affairs includes: Admissions, Financial Aid, Career Planning and Placement, Human Development Center, Residential Life, Student Life, Veterans' Affairs, Health Services, Educational Opportunity Program, Upward Bound, Student Affairs Administration.

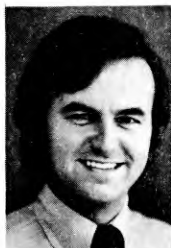

Kellett

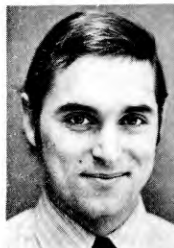

Trautman

Dr. Kellett, formerly Assistant Dean for Student Life, has been named Dean of Students and will be responsible for supervision of program development, staff development, financial management, and program evaluation activities and will continue to supervise several Student Affairs departments.

Trautman has been appointed Director of Student Life with responsibilities including operation of the College Center, supervision and scheduling of Student Activities, Foreign Student Advisement and Orientation programs. She will be assisted by Mark Christiansen who has been appointed Coordinator of Student Activities and Michael Corr, Foreign Student Advisor.

Laundry

Christiansen

Laundry, former director of housing, has been appointed Director of Residential Life and will be responsible for student development programs in residence halls, supervision of judicial programs, as well as management of residence facilities/services.

The Counseling Office has been renamed the Human Development Center to recognize program changes which focus more attention on preventative programs of an educational/developmental nature. The Center will continue to provide remedial support services for students experiencing personal problems and Thomas Carlsen will continue as Acting Director until a permanent director is appointed. (A search is currently underway for appointment in September 1977.)

The reorganization also creates the new position of Assistant Director of Admissions and a search for that person is underway for appointment in September 1977.

OPEN HOUSE SET FOR SATURDAY

Plans have been finalized for the campus/community Open House program scheduled for Saturday. The program is especially designed to acquaint prospective students with the campus; the College's faculty, staff and students; academic opportunities and extracurricular life at Plattsburgh State; and admissions and financial aid requirements. An estimated 500 prospective students, their parents, other relatives and friends are expected to be guests of the College during Open House. Additionally, the campus will be open for inspection by residents of the local and regional community.

Open House will begin at 9:30 a.m. in Room 200 of Yokum Hall with welcoming remarks by Plattsburgh Mayor, the Rev. Roland St. Pierre; College President Joseph C. Burke; and Student Association President Thomas Grant. Volunteer student guides will conduct campus tours, leaving from Yokum, between 10:00 a.m. and 12:00 noon. Open House visitors will be taken to all campus locations where faculty and students representing every academic discipline will discuss their programs and answer questions. Following lunch, Open House visitors will be invited to attend a 1:30 general information session on Student Affairs services in Yokum, 200. The remainder of the program, from 2:00-3:30 p.m., will consist of individual counseling in admissions and financial aid; consultation with faculty; a "rap" session with student government and orientation leaders; and a discussion and information session for parents.

1978 'EMPIRE STATE GAMES' SLATED FOR PLATTSBURGH

Plans were announced in Albany yesterday for Olympic-style Empire State Games to begin during the summer of 1978 with final competition slated for the Plattsburgh State campus. Louis E. Wolfe, Plattsburgh attorney and chairman of the State Commission on Sports and Winter Olympics, described the Games at a Wednesday press conference. New York State residents will compete in preliminary events in six regions of the State. The final competition is expected to attract nearly 2,000 competitors to Plattsburgh in mid-August 1978. Wolfe also announced appointment of Michael Abernathy of Peru as director of the State-sponsored Games.

TRUAX TO COUNCIL — 'CENTERING ON MARKETING APPROACH TO ADMISSIONS'

Admissions Director David Truax described a SUNY-wide decline in applications for admission to four-year colleges at Monday's meeting of the Plattsburgh College Council, and said the local response is a more active approach to recruiting

which incorporates marketing principles. Compared to an average 15% decline in applications to SUNY's four-year schools, applications to Plattsburgh are down 9.8% from last year. The admissions office will be less selective in granting admission to applicants for 1978, and Truax predicts the result will be a mean high school average for entering freshman which will be roughly one point below last year's record 86.4. Truax noted that career oriented programs such as nursing, business administration, environmental science, food/nutrition and computer science continue to attract a large number of applicants. The decline in applications reflects decreasing high school enrollments and decisions by a greater percentage of high school and community college graduates not to continue on to four-year colleges. One portion of the admissions plan calls for expansion of recruitment from the traditional student markets to non-traditional learners.

SUPPLEMENTAL BUDGET REQUEST FOR DEMOLITION OF HOSPITAL

The College has requested an appropriation of \$127,000 from the State's supplemental budget to fund demolition of the old Champlain Valley Hospital on campus. Funds for demolition of the hospital have been cut from College budgets for the past several years. Facilities Program Coordinator Derek Allan explains that the building has deteriorated rapidly since it was last used in 1972, to the point where it now poses a fire and security hazard. Plans call for demolishing only the old portion of the hospital with the hospital annex to be converted to a warehouse.

S. A. SPECIAL ELECTION TUESDAY

The Student Association will conduct a special election Tuesday (May 3) from 9:00 a.m. until 7:00 p.m. in the College Center to fill the posts of Executive Vice President, Vice President for Student Services and Senator. Voting is open to S.A. members only.

FACULTY SENATE DISCUSSION CENTERS ON CONSULTATION

At its Tuesday meeting, the Faculty Senate discussed questions of faculty participation in campus governance and possible revision of the Bylaws to make consultative processes more efficient. Discussion will continue at the May 10 meeting, said Senate Chairman Herman Doh.

SENIORS REMINDED OF COMMENCEMENT REHEARSAL SCHEDULE

Graduating seniors are reminded that rehearsal for the May 22 commencement is scheduled May 21 beginning at 11:00 a.m. at the Field House. Tickets for commencement will be distributed at the rehearsal, and it is imperative that you attend. Each graduate will be allowed four guests. Questions should be directed to Mark Christiansen at 564-2289.

ALUMNI BOARD OF DIRECTORS ON CAMPUS THIS WEEKEND

The 18-member Board of Directors of the Plattsburgh Alumni Association will hold its annual meeting on campus this weekend. Board members will tour campus Saturday morning; meet Saturday afternoon; and be guests of President and Mrs. Burke for dinner Saturday evening. The Board, with representatives from all regions of the State, sets policies which affect the College's 13,000 active alumni. Student Association President Tom Grant and Vice President for Finances Pam Perrone are voting members of the Board.

RICHARD ROBBINS RECEIVES EXCELLENCE IN TEACHING AWARD

Dr. Richard F. Robbins, associate professor of anthropology, is the recipient of a 1977 SUNY Chancellor's Award for Excellence in Teaching. Begun in 1973, the Excellence in Teaching Award Program provides a one-time \$500 grant to selected faculty from throughout the University based on their effectiveness as classroom teachers and on scholarship in their disciplines. Sixty-three faculty from 34 SUNY campuses received the Chancellor's Awards for 1977.

"State University College at Plattsburgh prides itself on the quality of its entire faculty," said College President Joseph C. Burke, "but there are occasional individuals whose rapport with students and dedication to excellence in teaching makes them stand out. I learn of those people through conversations with their colleagues and students and through personal observation. Richard Robbins typifies that excellence. I am grateful to the University for recognizing his effectiveness with this award, and I am even more grateful to Richard for his contribution to our College."

A member of the Plattsburgh faculty since 1966, Dr. Robbins teaches courses in comparative cultures, primitive religions, and Indians of North America, as well as single-credit "mini-courses" focusing on areas of specific interest to anthropology students. He specializes in medical anthropology and in the study of belief systems, identity and interpersonal relations.

SENATE AND ASSEMBLY LEADERS WILL RECEIVE DISTINGUISHED SERVICE AWARDS

State Senate Majority Leader Warren M. Anderson and State Assembly Speaker Stanley Steingut will receive the College's highest award — the Distinguished Service Award — during Commencement ceremonies May 22 at the Field House. In

Anderson

Steingut

announcing the awards, the College Council and President Burke cited the leaders of the two houses of the State Legislature for "distinguished leadership in government; vision, energy and sense of responsibility to all the citizens of New York State; and dedication to the advancement of State University of New York and all public and private institutions of higher education in the Empire State."

Anderson, a Binghamton Republican, was elected Temporary President and Majority Leader of the Senate on January 3, 1973, after having served as a State Senator for 20 years. Prior to his election as Majority Leader he chaired the Senate Finance Committee for seven years. Anderson has initiated a major restructuring of the Senate by consolidating committees, reassigning staff duties and implementing a number of significant changes in Senate rules

and procedures. Anderson was elected to the Senate seat left vacant in 1952 when his father, Floyd Anderson, resigned to accept a gubernatorial appointment to the State Supreme Court.

Steingut, a Brooklyn Democrat, was elected to the Assembly in 1952, succeeding his father who died several months before the election. He has served as Assemblyman from the State's 41st District since then, and served as Minority Leader of the Assembly from 1969 to 1975. He was elected Speaker of the House on January 8, 1975. He was the ranking minority member of the Assembly Rules Committee (which he now chairs), and he has also chaired the Joint Legislative Committee on Transportation. Steingut has been active for years in behalf of legislation benefiting children and the mentally retarded.

MARRIOTT CORPORATION TO PROVIDE COLLEGE FOOD SERVICES

On the unanimous recommendation of the Food Service Evaluation Committee representing students, faculty and administration, College Auxiliary Services has selected the Marriott Corporation to operate food services at Plattsburgh State. The selection follows six months of preparation of bid specifications, solicitation of bids, and visits to operations maintained by potential vendors. Members of the Evaluation Committee were Antoinette Colucci, Cheryl Hogle, Bruce Mante, Stanley Supinski and William Woltjen.

The decision to let a total food service contract resulted from a substantial financial loss in the food service operation this year and from a desire to improve dining services, especially menu selection.

Students subscribing to College board plans beginning next fall will have two meal plan options. A 19-meal plan (breakfast, lunch and dinner Monday through Friday and brunch and dinner Saturday and Sunday) will cost \$750 for the year. A 12-meal plan, in which subscribers will have their choice of any 12 meals each week, will cost \$680. The 12-meal plan is added at the request of student representatives who explained that the present 10-meal plan offers too few meals as an alternative to the full 19-meal plan. Although the financial loss has led to an increase in the 19-meal plan, its cost is identical to the full board plan at Plattsburgh State two years ago.

Marriott, a hotel and restaurant firm with 50 years of food service experience and more than 700 facilities around the nation, presently maintains food services on 17 campuses and is described by the selection committee as "the 'Avis' (we try harder) of college feeding."

Unlike the present food service contract for management services alone, the new contract encompasses all the functions of providing food service at the College.

COLLEGE TO PARTICIPATE IN SUNY RETRAINING PROJECT

Plattsburgh State will participate in a new SUNY project on faculty retraining designed to prepare selected faculty for transfer from curricular areas with lowering enrollments to allied disciplines which are more in line with current college needs. Frank DeSorbo, a European historian on the faculty of Clinton Community College, will retrain in anthropology and geography at Plattsburgh State. Dr. Ronald Davis of Plattsburgh's English faculty will retrain in journalism at Syracuse University and will also spend a limited time analyzing the journalism program at Columbia University. Dr. Richard Manganel, who specializes in English education in Plattsburgh's department of elementary and secondary education, will retrain in reading education at the State University at Albany. The three are among the first eight SUNY faculty selected for retraining during the 1977-78 academic year.

ALUMNI BOARD SUPPORTS SUPPLEMENTAL BUDGET REQUEST; ENDORSES NEW PUBLICATION

During their annual meeting on campus Saturday, the members of the Board of Directors of the Plattsburgh Alumni Association passed unanimously and forwarded to leaders of the State Legislature a resolution supporting the College in its request for \$256,600 from the State supplemental budget. (Specifics of the College's supplemental budget request were reported in the last two issues of *Weekly*.) The Board also agreed to finance publication of a new bi-monthly tabloid newspaper to be titled *Plattsburgh State Today*. The newspaper will be published by the Office of College Relations, beginning in June, and 20,000 copies will be mailed to alumni, parents of students, faculty and friends of the College. *Plattsburgh State Today* replaces the *Plattsburgh Alumni News* and *Accent: Plattsburgh State*.

SPECIAL ELECTION FILLS THREE STUDENT GOVERNMENT POSTS

Elected to vacant positions in the Student Government during this Tuesday's special election were: Executive Vice President, Jay McGrath; Vice President for Student Services, Jeffery Martin; Student Senator, Rich Harlem. The election attracted only 788 voters.

PRESIDENT EXPRESSES THANKS FOR SUCCESSFUL OPEN HOUSE

"I commend each of the students, faculty and staff who contributed to the tremendous success of Saturday's Open House," said President Burke. "A survey conducted among the prospective students and community persons who visited campus indicates that our people, services and facilities made a tremendous impression." Admissions Director David Truax estimates that 700 prospective students and their parents attended Open House.

AWARENESS OF THE HANDICAPPED DAY MAY 13

Plattsburgh State's Committee for Services for Disabled Students and the local Active Coalition for Independence and Decency (ACID) will co-sponsor a seminar in awareness of the handicapped May 13 from 8:00 until 10:00 p.m. in the Cardinal Lounge of the College Center. Discussion will include implications of the new Federal Rehabilitation Act; identifying the handicapped and their needs; understanding handicaps; and the need for elimination of architectural barriers. May 15-22 is National Awareness of the Handicapped Week.

PRESIDENT EMERITUS ANGELL TO ADDRESS COMMENCEMENT

Angell

College President Emeritus George W. Angell will deliver the featured address — "The Delusion of Greatness" — May 22 during Plattsburgh State's 87th annual spring commencement. Dr. Angell retired from the College August 31, 1974, after serving more than 20 years as its chief administrative officer. The Class of 1977 was the last class to enter the College during Dr. Angell's tenure as President.

Since September 1974 Dr. Angell has served as director of the Academic Collective Bargaining Information Service in Washington, D.C., a neutral service which provides information, research and consultation for more than 1,000 colleges and universities in the United States. With Edward P. Kelley, Jr., his former assistant at Plattsburgh State and present associate director of ACBIS, Dr. Angell has recently completed a 600-page *Handbook of Faculty Bargaining*, published by Jossey-Bass of San Francisco.

Dr. Angell will leave ACBIS this year and plans to divide his retirement between a summer home at Fern Lake in the Adirondacks and a winter residence at Whispering Pines, North Carolina.

THREE WILL RECEIVE SPECIAL AWARDS DURING COMMENCEMENT

Booth

Forbes

Perkins

President Joseph C. Burke will present Presidential Awards of Honor to retired College Council members Robert T. Booth and Franklin R. Forbes during the May 22 commencement ceremony, and Dr. Harold J. Perkins, Dean for Graduate Studies and Research, will receive the College Council's Award of Exceptional Merit. The Presidential Awards of Honor cite Booth and Forbes for dedicated service as members of the College Council and acknowledge Dr. Burke's grateful appreciation for their many years of leadership and devotion to the College. Booth, a Plattsburgh attorney, was a member of the Council from 1966 through 1976, and Forbes, retired president of Ayerst Laboratories in Rouses Point, was a Council member from 1961 through 1976.

College Council Vice Chairperson Judith Duken will present Dr. Perkins with his award honoring "fourteen years of dedicated service to the College as scholar, teacher, administrator and exponent of academic excellence." Dr. Perkins will leave the College September 1 to accept the presidency of Brandon University in Brandon, Manitoba.

FEINBERG LIBRARY MOVE BEGINS JUNE 13

Feinberg Library will begin the move to its new facility June 13, and Director of Libraries Robert Burton expects the move to be completed by June 24, in time for the beginning of summer session. Burton said this week that some preliminary packing of the book collection will begin June 1, and that most library services will be limited from that time until June 13. No library services will be available June 13-24, and anyone anticipating a need for library materials during the first three weeks of June is advised to acquire them before June 1. Due dates of borrowed materials will be adjusted so that they need not be returned during the period of the move.

Carrell assignments in the new Feinberg Library will be made following the move, said Burton. The 60 carrells are to be assigned according to a priority policy, and copies of the policy and forms for requesting assignment of carrells will be distributed to departmental offices during the next two weeks. Elizabeth Lane of the library staff is handling inquiries regarding carrells.

SEVEN PLATTSBURGH SENIORS WIN EOP CERTIFICATES OF ACHIEVEMENT

Seven Plattsburgh seniors are among 300 students attending SUNY institutions on Educational Opportunity Programs who will receive certificates of achievement recognizing their academic accomplishments. The awards, sponsored by SUNY's Special Program Awards Committee, are presented to seniors in SUNY Educational Opportunity programs who maintain cumulative academic grade point averages of 3.0 or better. Plattsburgh students who will receive the award this year are Brent Cringle, George Kimble, Dorothy LaRose, Dorothy Shaw, Virginia Voronin, Marc Waid and Colleen Wentworth. Elaine Mayfield, director of Plattsburgh's EOP program, and Venice Sakell, of the College's department of foreign languages and literature, were members of the University's Special Programs Awards Committee.

SENATE ADDRESSES ENVIRONMENTAL SCIENCE, COMMON PROGRAM AND ALLOCATION OF RESOURCES

Tuesday, during its final meeting of the academic year, the Faculty Senate approved program changes in the environmental science major. (The program changes are described in the Senate agenda distributed May 4). The Senate also directed its standing committee on undergraduate studies to pursue the question of revising requirements in the common program, and asked for specific information about how departments view the present requirements. The Senate designated its budget and resources committee to represent faculty in discussions with President Burke regarding allocation of resources.

BURKES HONOR PRESIDENT'S CLUB

Members of the President's Club — a select group of businesses and individuals who support the work of the Plattsburgh College Foundation with gifts of \$500 or more each year — were honored guests recently at the home of President and Mrs. Burke. During the reception, each of the President's Club members was presented with a plaque honoring participation in the Club and expressing appreciation for support of the Foundation program.

Presenting the plaques, President Burke said: "These are a small token of the great appreciation we have for your devoted support to the Plattsburgh College Foundation. The 23 President's Club members who are present tonight have made possible approximately 75 scholarships for needy Plattsburgh State students during the current school year." All of the money given by the members of the President's Club is used to fund student scholarships through a variety of Foundation programs.

COLLEGE GRAD JOB PROSPECTS UP

While job prospects for June graduates still may be somewhat limited in the non-technical disciplines, the overall employment outlook is considerably brighter than it was a year ago, according to the mid-year salary survey report of the College Placement Council.

Compared with employment offers extended in mid-year 1976, offers at the bachelor's degree level are up 49 per cent; at the master's level, 74 per cent; and at the doctoral level, 73 per cent. Employer activity increased in all discipline fields for the upcoming baccalaureate graduates: business disciplines rose 53 per cent in volume, sciences increased 51 per cent, and engineering categories rose 45 per cent. While offers in the humanities and social sciences increased the most as compared with a year ago (up 70 per cent), the gain follows a substantial drop experienced last year.

The percentage increase in the number of offers to women rose substantially for the second year in a row — a 68 per cent gain as compared with a 45 per cent increase in volume of offers for men.

Russell Hamilton, director of career planning and placement at Plattsburgh, concurs with the CPC report; in fact, he predicted improvement of the job market in his 1976 annual report. Hamilton told *Weekly* that Plattsburgh seniors and alumni are reporting experiences which verify the CPC findings.

EMPLOYEE BLOOD DRIVE PLANNED MONDAY

The personnel office, with cosponsorship by CSEA, UUP and Council 82, has scheduled a blood drive on campus Monday (May 16) from 11:00 a.m. until 2:00 p.m. in the old bookstore area of the College Center. State University College at Plattsburgh • May 19, 1977

COMMENCEMENT BEGINS SUNDAY AT 1:30; 933 TO RECEIVE DEGREES

Degree candidates, their relatives and friends are expected to fill the Field House to capacity Sunday for the College's 87th annual spring commencement exercises. Bachelors and masters degrees and advanced study certificates will be conferred upon 933 persons during the ceremony, which begins at 1:30 p.m. Eligible to receive degrees are 407 candidates for the Bachelor of Arts, 444 candidates for the Bachelor of Science, 31 candidates for the Master of Arts, 31 candidates for the Master of Science in Education, and 10 candidates for the Certificate of Advanced Study. Vice President for Academic Affairs Thomas A. Porter will present the degree candidates, and President Joseph C. Burke will confer degrees.

Prior to the awarding of degrees, College President Emeritus George W. Angell will deliver the commencement address, "The Delusion of Greatness," and Distinguished Service Awards will be presented to Senate Majority Leader Warren M. Anderson and Assembly Speaker Stanley Steingut. President Burke will present Awards of Honor to retired College Council members Robert T. Booth and Franklin R. Forbes, and College Council Vice Chairman Judith L. Duken will present an Award of Exceptional Merit to Harold J. Perkins, Dean of Graduate Studies and Research.

Immediately following the ceremony, the Plattsburgh Alumni Association will host a reception for graduates and their guests in the Field House ice arena. Admission to commencement is by ticket only.

COLLEGE COUNCIL MEETING SUNDAY A.M.: AGENDA INCLUDES DEANS' REPORTS

Members of the Plattsburgh College Council will begin their full day of official duties commencement Sunday at 9:30 a.m. when they convene at the Cardinal Lounge of the College Center for their May meeting. Among other items on the agenda, the Council is scheduled to hear annual reports from the Deans of Arts and Science, Professional and General Studies, and Graduate Studies and Research. The meeting is open to all interested persons.

ALUMNI LEADERS MEET HERE JUNE 3-5

Fifty Plattsburgh alumni from around New York State will arrive at the College June 3 for a two-day Alumni Leadership Conference. Conceived this year by the directors of the Plattsburgh Alumni Association as a means for developing a stronger base of support for the College among its key alumni, the conference comprises an intensive schedule of meetings with representatives of academic, student affairs and financial divisions of the College administration. The alumni leaders will be briefed on academic programs, student services, the College budget, placement, admissions and the College Foundation's development program. Among those persons scheduled to address the alumni are College President Joseph Burke, Vice Presidents Thomas Aceto, Thomas Porter and Bernard Seawell, Admissions Director David Truax, Career Planning and Placement Director Russell Hamilton and College Foundation Executive Director Donald Garrant. Alumni attending the conference will also have the opportunity to converse with Deans and faculty representatives.

SABBATICS AND LEAVES FOR '77-'78 GRANTED TO 23 FACULTY

Twenty-three faculty members have been granted sabbatic leaves and leaves of absence for all or part of the 1977-78 academic year. On sabbatic leave for the entire year will be: Dr. Bruce Butterfield (English), Dr. Lonnie Fairchild (mathematics), Dr. Lawrence Gillett (earth science), Thomas Holland (art), Dr. James Johnson (psychology), Dr. Clyde Kuemmerle (theatre), Dr. Kenneth Loach (chemistry), Richard Mikkelsen (art), Dr. Gordon Pollard (anthropology), Dr. Edward Schaffer (sociology), Dr. Ki Ssu Schin (biology), Dr. Ann Tracy (English), and Dr. J. Stallard Waterhouse (biology). On sabbatic leave for the fall semester will be Dr. Thomas Henriksen (history) and Dr. Richard Manganel (elementary and secondary education). On sabbatic leave for the spring semester will be Dr. Gerald Kokoszka.

Full year leaves of absence have been granted to Dr. Fouad El Taher (administrative science), Dr. David Glaser (history), Dr. Jon Gottschall (political science), Dr. Daniel Socolow (international studies), and Dr. Stanton Warren (administrative science). Leaves of absence for the fall semester have been granted to Robert Arnold (elementary and secondary education) and Barbara Hynes (nursing).

DR. LEONARD TO MOSCOW IN SUNY EXCHANGE PROGRAM

Dr. Carol Leonard (history) will spend next year at Moscow State University as part of a SUNY program which provides for the first exchange of graduate students and faculty between universities in the United States and the Soviet Union. Dr. Leonard is one of up to four faculty from throughout SUNY who will be assigned to Moscow State University during the 1977-'78 academic year under terms of the new exchange program.

TWENTY-FOUR UNDERGRADUATES NAMED TO WHO'S WHO

Twenty-four Plattsburgh State undergraduates have been named to the 1977 edition of *Who's Who Among Students in American Colleges and Universities*. They are: John Alecca, Margaret Begasse, Jon Bell, Vanessa Binnom, Joan Breslin, Thomas Crosby, Fannie Dowd, Colleen Foley, Jeanne Greenough, Deborah Klotz, Thomas Nagowski, Leonard Olender, Pamela Perrone, Larry Parker, David Rihm, Michael Sabatelle, Richard Sangemino, Mark Schuster, Steven Sdazzo, Vincent Stein, Bruce Teague, John Tierney, Jr., Margery Tierney and Deborah Trombley.

OPEN HOUSE EVALUATION COMPLETE: RESULTS OVERWHELMINGLY FAVORABLE

Evaluation of the College's April 30 Open House, based on questionnaires returned by prospective students and their parents, has been completed. With both their response to questions and their added comments, respondents to the questionnaire

underscored the success of the event — more than 99 per cent of those responding said the Open House impressed them favorably. Interested persons may review the evaluation in the Office of College Relations.

ROCKWELL KENT FILM GAINS NEW YORK CITY PATRON

Dr. Corliss Lamont, a retired professor of philosophy from Columbia University and a close personal friend of the late Rockwell Kent, has presented the College Foundation with a \$2,000 gift to be used in the production of the film *This is My Own. This is My Own* is a documentary which relates the College's Rockwell Kent Collection to important events in the artist's life. It is being produced on campus by Instructional Resources, and its premier is scheduled during dedication of the Kent Gallery in the new College Library.

SKOPP NEW PRESIDENT OF PLATTSBURGH U.U.P.

Dr. Douglas Skopp, associate professor of history, has been elected President of the Plattsburgh Chapter of United University Professions for the 1977-78 academic year. The other officers and members of the local Executive Board for the coming year will be Academic Vice President John L. Meyer (communications); Non-teaching Professionals Vice President Herbert McCoy (instructional resources); Treasurer Chester Bunnell (library); Secretary Elizabeth Hayden (music); Grievance Chairperson Richard Brogowski (Campus School). Academic delegates to the UUP Assembly will be Dr. Philip Walker (biology), Ann Mitchell (library), Dr. Nicholas Mammano (chemistry) and Dr. Eugene Link (history). NTP delegate to the Assembly will be Carol Allen (housing). UUP is the official bargaining agent for the more than 15,000 faculty and staff employed by State University.

SUMMER SESSION REGISTRATION UNDERWAY; CLASSES BEGIN JUNE 27

Registration is underway now for more than 170 courses and special workshops to be offered during the 1977 Summer Session. Summer Update

State University College at Plattsburgh • July 1, 1977

PRESIDENT ANNOUNCES FACULTY PROMOTIONS

President Joseph C. Burke has announced the promotions of sixteen members of the teaching faculty. The promotions are effective September 1, 1977.

Promoted to the rank of professor is Dr. Sitaram Shastri (physics).

Promoted to the rank of associate professor are: Dr. Richard Beach (geography/history), Paul Clare (criminal justice), Dr. Philip DeVita (anthropology), Dr. Donald Haight (professional specialization), Thomas Holland (art), Dr. Richard Manganel (elementary and secondary education), Marilyn Morton (nursing), Dr. David Schawe (mathematics), and Dr. Stanton Warren (business and economics).

Promoted to the rank of assistant professor are: Judy Boyd (home economics), Ann Fleury (computer science), Dr. Thomas Morrissey (English), Angela Pikul (communications), Hollis Powers (health, physical education and recreation), and Frances West (nursing).

CAMPUS COMMITTEE WILL MAKE RECOMMENDATIONS ON COLLEGE MISSION

A newly appointed committee of students, faculty and administrators will begin work this summer on recommending to the President a comprehensive College Mission Statement which seeks, in part, to identify programs which should receive special emphasis on the Plattsburgh campus. The mission statement is requested by State University's Central Office and, when completed, will be part of a much larger work explaining the unique qualities of the University's campus units. The Mission Committee is chaired by Vice President for Academic Affairs Thomas Porter. Members of the committee are:

Julius Archibald (computer science), Dr. Philip Clarkson (Dean of Arts and Science), Antoinette Colucci (home economics), Dr. James Dawson (environmental science), Colleen Foley (student), Dr. Hsung-Zung Liu (biology), Dr. Robert Miller (elementary and secondary education), Vincent Stein (student), Dr. Nicholas Troisi (Dean of Professional and General Studies), Dr. Daniel Watermeier (theatre), and the members of the Faculty Senate's Standing Committee on Faculty Affairs: Lois Beach, John Clark, Vincent Delio, Dr. Kenneth Hoeltzel, Dr. Martin Lubin, Zoanne Schnell, Dr. George Sheats, and Dr. John Shout.

COLLEGE BUDGET HEARING JULY 7 — BUDGET AND RESOURCES COMMITTEE CONSULTS

College administrators are scheduled to present Plattsburgh State's 1978-79 budget request during a hearing in Albany July 7. The budget request, which has to be drafted under severe time constraints, is being finalized now in consultation with the Faculty Senate's Budget and Resources Committee. A copy of the budget narrative will be sent to all faculty.

FALL ADMISSIONS

Admissions deposits for fall 1977 have been received from 1,787 prospective students, including 1,076 freshmen, 633 transfers and 78 readmitted or visiting students. College officials are encouraged by the number of deposits, especially in light of an overall decline in applications to four-year schools, both public and private. Admissions Director David Traux attributes the statewide decline in applications to high school seniors' increasing attraction to other alternatives (two-year schools, employment, etc.), and to an increasing tendency of two-year college graduates to go directly into the labor market rather than on to a four-year degree. The problem of inadequate "program articulation" between two-year and four-year SUNY colleges — that is, having course work at two-year colleges match program requirements at four-year colleges — is also seen as reducing the number of transfer applications. Local college administrators say they hope to improve program articulation during the coming year.

DAWSON CHOSEN TO HEAD INSTITUTE FOR MAN AND ENVIRONMENT

Following a year-long search, Dr. James C. Dawson will be appointed Director of the College's Institute for Man and Environment July 21st. Dawson, who has been acting director of the Institute for the past year, will retain the rank of associate professor of earth science. He was the choice of a 14-member campus search committee which comprised Plattsburgh administrators and students and faculty from the Institute and related disciplines. The search committee reviewed the credentials of 117 applicants for the positions.

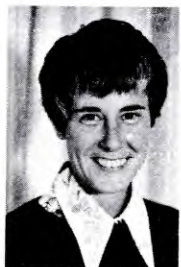

As director, Dawson will supervise the Institute's programs of research, instruction and community service. The Institute offers a bachelor of arts degree in environmental science; conducts a one-semester, residential environmental studies program on the campus of Miner Institute in Chazy; supervises a Northern New York/Lake Champlain regional research program; sponsors public service programs in the environment; and offers summer workshops, conferences and seminars on environmental issues. In addition to its own faculty, the Institute draws on the teaching expertise of faculty in a variety of other related areas.

Dawson has earned degrees from Mt. San Antonio College (AA 1963), UCLA (BA 1965, MS 1967) and the University of Wisconsin (PhD 1970). He has been a member of the Plattsburgh State faculty since 1970, teaching courses in geology and oceanography. Dawson served two terms as chairman of the Plattsburgh Faculty Senate and was chairman of the Department of Earth Sciences prior to becoming Acting Director. He has received two summer grants from the State University of New York Research Foundation.

EDWARDS NAMED ASSISTANT DIRECTOR OF ADMISSIONS

Admissions counselor Janet Edwards has been appointed assistant director of admissions. Due to budget restrictions and State hiring freezes, the assistant admissions director's position at Plattsburgh has been vacant since David Truax left the post in 1973 to become the College's director of admissions. "Jan Edwards' appointment to the position," said Truax, "reflects our commitment to a more active admissions program involving more research and an effort to reach out to a greater number of prospective students."

Immediately prior to joining the Plattsburgh faculty, Edwards was the coordinator of the BOCES pre-school program in Clinton, Essex, Warren and Washington Counties. She has been a teacher of physical education at the Plattsburgh City Schools, at Hoosick Falls (N.Y.) Central School and at the University of Wisconsin, and worked as an educational consultant from 1967 through 1973. She holds degrees from the State University College at Cortland (BS in physical education), the University of Wisconsin (MS in physical education) and Plattsburgh State (Certificate of Advanced Study in guidance and counseling).

In addition to her regular admissions responsibilities at Plattsburgh, Edwards was appointed last fall to coordinate campus activities in support of the United Nations' Decade for Women campaign. She also serves as a member of the Student Affairs Division's professional exchange board, and helped set policy for intercollegiate athletics at the College as a member of the Intercollegiate Athletics Board.

A five-member search committee selected Edwards from among 70 applicants for the assistant director's position.

A national search has resulted in the appointment of Keith Rabine to fill the admissions counselor's position vacated by Edwards. Rabine has served on a temporary appointment for the past two years.

DEMPSEY ACCEPTS VICE PRESIDENCY AT NEW PLATZ

William Dempsey, assistant to the president for analytical studies and long range planning, has amended earlier-announced plans and has accepted appointment as vice president for finance and management at New Paltz State University College, effective July 5.

INSTITUTE FOR MAN AND ENVIRONMENT SEEKS TECHNICAL/LAB ASSISTANT

The Institute for Man and Environment is seeking a person with a baccalaureate degree in an environmentally related area to serve as a technical assistant/lab assistant for one year beginning September 1. The position involves water quality analysis, supervision of lab work, assisting in field-oriented activity, and participation in a terrestrial microcosm project. Applications should be sent to Lee Kavanaugh, Institute for Man and Environment, 133 Court Street, Plattsburgh, by July 15. Salary for the position is \$4,800.

MAUREEN KELLY LOCAL COORDINATOR FOR STATE WOMEN'S MEETING

Maureen Kelly (home economics) is serving as Clinton County Coordinator for the New York State Women's Meeting scheduled in Albany July 8-10. Similar meetings in every state were authorized and supported by Congressional appropriations last year. The meetings will culminate in a national conference November 18-21 in Houston, Texas. Purposes of the state and national meetings are to: recognize contributions of women to the development of the country; assess the role of women in national development; identify barriers which prevent women from participating fully in all aspects of national life; set goals and a timetable for elimination of those barriers; and recognize the importance of women's contributions to world peace and understanding.
